

# TWEED VALLEY HOSPITAL PROJECT MARCH 2021

## WORKS NOTIFICATION

The NSW Government is investing \$673.3 million in health for the Tweed-Byron region, which includes construction of the new Tweed Valley Hospital. Health Infrastructure NSW has engaged Lendlease to construct the main hospital buildings. The new hospital is on track to open to patients in 2023.

### Utilities investigations, Cudgen Road – Monday 22 to Wednesday 24 March

As part of the new Tweed Valley Hospital project, a section of Cudgen Road in front of the new hospital entrance will be widened from two to four lanes to ensure traffic flows along Cudgen Road are maintained once the hospital opens.

In preparation for the road widening, works are required along Cudgen Road to confirm the location of existing underground utilities. To ensure safety during these works, traffic control will be in place on the south-west bound lane of Cudgen Road on **Monday 22 to Wednesday 24 March** (weather permitting)

Motorists may experience minor delays when travelling along Cudgen Road while the works are underway. To minimise traffic impacts, these works will take place outside peak hours of 8 – 9am, and 2.45 – 4.15pm.

### What to expect:

- Works for utilities investigations along Cudgen Road (refer to map for specific locations).
- Traffic control in place 50m each side of pothole location with traffic under stop/go arrangement.
- Motorists may experience minor delays.
- This activity is weather dependant and if delayed will take place on the next available workday.

### Keeping you informed

We are committed to keeping the local community updated and informed about construction activities for the new Tweed Valley Hospital.

We encourage you to register to receive works notifications at [tweedvalleyhospital@health.nsw.gov.au](mailto:tweedvalleyhospital@health.nsw.gov.au), or contact the project team for further information:
