

# TWEED VALLEY HOSPITAL PROJECT SEPTEMBER 2023

---

## WORKS NOTIFICATION

The NSW Government is investing \$723.3 million in health for the Tweed-Byron region, which includes construction of the new Tweed Valley Hospital. Health Infrastructure NSW has engaged Lendlease to construct the main hospital buildings. The new hospital is on track to open to patients in 2024.

### Out of hours activity on Helideck – Tuesday 26 September 2023

As part of normal commissioning and testing activities for the Tweed Valley Hospital, a helicopter will undertake a test landing and take-off on **Tuesday 26 September** from the new helipad on top of the hospital.

The helicopter will complete an approach, landing, and take-off to ensure all visual elements of the helipad are successfully commissioned. While exact timing will be determined by weather conditions, we anticipate the landings to occur between **4pm and 7pm** on **Tuesday 26 September**.

#### What to expect:

- One helicopter approaching, landing and taking-off from the top of the hospital between 4pm and approximately 7pm. Weather conditions will dictate the precise timings.
- Typical aviation lighting and noise will occur. Lendlease will minimise these impacts as much as possible.
- If weather conditions inhibit the test flights, they will be undertaken on the next available date.

#### Keeping you informed

We are committed to keeping the local community updated and informed about construction activities for the new Tweed Valley Hospital.

We encourage you to register to receive works notifications at [tweedvalleyhospital.health.nsw.gov.au](https://tweedvalleyhospital.health.nsw.gov.au) or contact the project team for further information:
